An efficient approach for determining a price is to send out a survey to your current customers. If these prospects have already purchased an e book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales page for the new e book, but don't include a value on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to test out prices by creating a variety of duplicate gross sales pages with different prices on every page. Ensure your gross sales copy is strictly the identical on each web page, and consists of your selling-handle sentence. Then work out for every web page the conversion ratio between guests to your web site and sales of your book. This may inform you what your optimum price is.

Ultimately, should you've written a guide that solves a drawback or presents a brand new approach, your book will bring in each traffic and profits.
