An effective technique for figuring out a price is to ship out a survey to your present customers. If these customers have already bought an ebook from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales page for the brand new guide, but don't embody a value

on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to check out prices by making a number of duplicate gross sales pages with different prices on every page. Make sure that your gross sales copy is strictly the identical on each page, and contains your promoting-deal with sentence. Then figure out for every page the conversion ratio between visitors to your web site and sales of your book. It will let you know what your optimum value is.

Ultimately, if you've written a guide that solves a problem or presents a brand new technique, your guide will usher in each site visitors and profits.
