Then you'll want to use that sentence in every piece of sales and promotional materials, and every time anybody asks you about your ebook.

Moreover promoting your books assiduously on-line, there are several other methods that may help you promote extra books.

One is to offer something away without spending a dime with your e book, akin to a valuable bonus item. Or bundle several ebooks underneath one price, which lowers the worth for every ebook in the event that they were sold separately.

An efficient approach for determining a price is to ship out a survey to your present customers. If these customers have already bought an e-book from you, ask for his or her opinion when it comes to price. Do this by making a gross sales page for the brand new ebook, but don't include a value on that page. As an alternative, add various hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to test out prices by creating a variety of duplicate gross sales pages with different costs on every page. Make sure that your sales copy is strictly the similar on every web

page, and includes your promoting-deal with sentence. Then determine for every web page the conversion ratio between visitors to your site and gross sales of your book. This may inform you what your optimum worth is.

Finally, if you've written a ebook that solves a downside or presents a new approach, your e book will herald both traffic and profits. So make sure you write that selling-deal with sentence that sums up what drawback your ebook solves and what the advantages of your 1300 guide will probably be to the customers who buy it. And then watch your market come to you!
