and promotional material, and each time anybody asks you about your ebook.

Do this by creating a sales web page for the new ebook, but don't embrace a price on that page. Instead, add a number of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to test out costs by creating a variety of duplicate gross sales pages with completely different costs on every page. Make sure that your gross sales copy is strictly the same on every web page, and consists of your selling-deal with sentence. Then figure out for each page the conversion ratio between guests to your site and gross sales of your book. It will tell you what your optimum price is.

Ultimately, in case you've written a guide that solves a drawback or presents a new approach, your e book will bring in each traffic and profits.
