An efficient technique for figuring out a value is to ship out a survey to your current customers. If these clients have already bought an e-book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales web page for the new e book, but do not include a worth on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to test out prices by creating a variety of duplicate gross sales pages with totally different costs on each page. Make sure that your gross sales copy is strictly the similar

on every page, and contains your promoting-deal with sentence. Then figure out for every page the conversion ratio between visitors to your site and sales of your book. This will inform you what your optimum worth is.

In the end, in the event you've written a e book that solves a downside or presents a new method, your e book will herald both traffic and profits.
