One is to present something away without cost together with your e book, akin to a priceless bonus item. Or bundle several ebooks under one price, which lowers the price for each ebook if they have been offered separately.

An effective technique for determining a value is to ship out a survey to your current customers. If these customers have already bought an book from you, ask for his or her opinion when it comes to price. Do that by creating a sales page for the brand new book, but do not embody a value on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to check out costs by creating a variety of duplicate gross sales pages with totally different costs on every page. Ensure your sales copy is precisely the identical on each page, and includes your selling-handle sentence. Then determine for every page the conversion ratio between visitors to your site and gross sales of your book. This can let you know what your optimum price is.

Finally, should you've written a e book that solves a drawback or presents a brand new method, your

guide will bring in both visitors and profits. So be sure you write that promoting-handle sentence that sums up what problem your e-book solves and what the benefits of your 1712 guide can be to the customers who purchase it. And then watch your market come to you!
