and promotional material, and each time anybody asks you about your ebook.

An efficient approach for figuring out a value is to send out a survey to your current customers. If these customers have already purchased an e-book from you, ask for their opinion by way of price. Do that by creating a gross sales page for the new e-book, but do not embrace a worth on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to check out prices by making a number of duplicate sales pages with completely different prices on each page. Be sure that your sales copy is exactly the similar on every page, and consists of your selling-handle sentence. Then determine for every page the conversion ratio between visitors to your site and sales of your book. It will tell you what your optimum value is.
