An effective approach for determining a value is to ship out a survey to your present customers. If these customers have already bought an ebook from you, ask for their opinion when it comes to price. Do that by making a sales page for the new book, however don't include a value on that page. As a substitute, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to check out costs by creating a number of duplicate sales pages with totally different prices on each page. Ensure your gross sales copy is strictly the same on every web page,

and consists of your promoting-deal with sentence. Then determine for each web page the conversion ratio between visitors to your website and gross sales of your book. This can let you know what your optimum price is.

Finally, in the event you've written a e book that solves a problem or presents a new technique, your book will bring in each traffic and profits. So you'll want to write that promoting-handle sentence that sums up what drawback your book solves and what the advantages of your 2034 guide can be to the shoppers who buy it.
