Advertising and marketing Strategies

The important thing that unlocks the gross sales potential of your book is to find a single sentence that becomes your promoting handle. An efficient technique for determining a worth is to ship out a survey to your present customers. One other strategy is to test out costs by creating a variety of duplicate gross sales pages with different costs on every page. Make sure that your gross sales copy is precisely the same on every

web page, and includes your promoting-handle sentence. Then figure out for every web page the conversion ratio between visitors to your site and sales of your book. This can inform you what your optimum value is.
