Do this by making a sales web page for the brand new book, however don't embrace a price on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to check out costs by creating a variety of duplicate sales pages with different costs on each page. Ensure that your gross sales copy is exactly the same on each page,

and includes your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your website and sales of your book. This may let you know what your optimum price is.

Ultimately, if you happen to've written a guide that solves a drawback or presents a brand new approach, your e-book will usher in each visitors and profits.
