An efficient technique for figuring out a worth is to send out a survey to your current customers. If these clients have already bought an e-book from you, ask for their opinion when it comes to

price. Do that by making a sales page for the brand new e-book, however do not embody a value on that page. Instead, add a variety of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to test out prices by making a number of duplicate gross sales pages with different costs on every page. Make sure that your sales copy is strictly the similar on each page, and includes your selling-handle sentence. Then determine for each page the conversion ratio between guests to your web site and gross sales of your book. This will tell you what your optimum worth is.

In the end, should you've written a ebook that solves a drawback or presents a new approach, your book will bring in both visitors and profits. So be sure to write that selling-handle sentence that sums up what drawback your book solves and what the benefits of your 2512 book can be to the purchasers who purchase it.
