An efficient approach for figuring out a price is to send out a survey to your current customers. Make sure that your sales copy is strictly the same on every web page, and consists of your selling-deal with sentence. Then work out for every web page the conversion ratio between visitors to your website and gross sales of your book. It will inform you what your optimum value is.

Ultimately, when you've written a ebook that solves a problem or presents a brand new method, your

book will bring in each site visitors and profits. So you'll want to write that promoting-deal with sentence that sums up what problem your book solves and what the benefits of your 633 e-book shall be to the shoppers who buy it. And then watch your market come to you!
