An effective approach for figuring out a price is to ship out a survey to your present customers. If these clients have already bought an book from you, ask for their opinion by way of price. Do this by making a gross sales web page for the brand new e-book, however don't include a worth on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to check out prices by making a number of duplicate gross sales pages with totally different prices on each page. Be sure your sales copy is exactly the same on each web page, and includes your promoting-deal with sentence. Then figure out for every web page the conversion ratio between guests to your web site and gross sales of your book. It will tell you what your optimum price is.

Finally, in the event you've written a guide that solves a problem or presents a new technique, your e-book will bring in each visitors and profits. So remember to write that promoting-deal with sentence that sums up what downside your book solves and what the advantages of your 653 guide will be to the customers who purchase it.
