## Advertising Strategies

The important thing that unlocks the sales potential of your book is to discover a single sentence that becomes your selling handle. Then be sure to use that sentence in each piece of sales and promotional materials, and every time anybody asks you about your ebook.

Apart from selling your books assiduously online, there are several other strategies that can help you sell extra books.

One is to offer something away without spending a dime along with your ebook, resembling a precious bonus item. Or bundle a number of ebooks underneath one price, which lowers the value for every e book if they were offered separately.

An efficient technique for figuring out a value is to send out a survey to your current customers. If these customers have already bought an book from you, ask for his or her opinion when it comes to price. Do that by creating a sales page for the new guide, but do not include a worth on that page. Instead, add a lot of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to check out costs by making a number of duplicate sales pages with different prices on each page. Make sure that your sales copy is precisely the similar on every web page, and consists of your promoting-handle sentence. Then work out for every web page the conversion ratio between guests to your web site and gross sales of your book. This can let you know what your optimum price is.

In the end, if you happen to've written a e-book that solves a problem or presents a brand new approach, your book will herald both site visitors and profits. So make sure you write that selling-handle sentence that sums up what problem your ebook solves and what the advantages of your 898 book might be to the purchasers who buy it.
